

# Weed Calendar of Events for Tom McCall Preserve.

This calendar is intended to help weed watchers know what to look for depending on when they are in the field. Enjoy!

The cross hatch represents overlapping phenological stages

		January	February	March	April	May	June	July	August	September	October	November	December
Common Name	Scientific Name												
Rush Skeletonweed	<i>Chondrilla juncea</i>			Emerges			Flowers				Senesces
